

Here's checklist to help you prepare for pet's vacation:

- VACCINATION RECORDS:**
Canine: DHPP, Rabies and Bordetella
Feline: FVRCP and Rabies

- FOOD:**
PetSuites provides a variety of IAMS dry and moist products. We strongly encourage you to bring your pet's own food if it is not a variety that we provide. Dietary changes can result in digestive upset. We can freeze, refrigerate and microwave food as requested. We ask that you pre-portion your pet's meals in plastic baggies. There is no charge for special food preparation.

- TREATS:**
We serve your dog IAMS biscuits throughout the day and for a bedtime snack, however you are welcome to bring favorite treats from home.

- BEDDING:**
We provide a comfortable lambswool bed for each guest. You may bring your pet's own bed, blanket, towel or t-shirt from home, but please be reasonable with regards to size.

- TOYS:**
You may bring any toys that you feel will make your pet's stay more enjoyable. Please do not bring any toys that have sentimental value.

- MEDICATION:**
We request that you bring your pet's medications clearly labeled with specific instructions to ensure accuracy in your pet's medical routine. Please note that we do not administer injections. There is no additional charge for administering medication.

- IMPORTANT DETAILS:**
Please notify us of any significant health issues and/or any changes in your pet's recent behavior or routine. Your pet's health is our first priority and any pertinent information is always helpful.

- EMERGENCY CONTACTS:**
Please have two emergency contacts prepared for check-in. While we prefer to speak directly to you, we realize that you may need to leave the name of a trusted friend, relative or neighbor if you feel that you may be difficult to reach. Most often people supply their cell phone numbers.
